

Moulton Scene

The Moulton Scene was started 50 years ago by Angela Campling and has been providing local information to residents for all this time. During those 50 years the way we all communicate has changed dramatically. Local groups have their own websites, social media pages and other methods of communicating with their members. As social media is an instant current bulletin, some may feel that a printed magazine is now slightly dated. Also, information contained within the Scene can change (such as times and dates of events) in between signing off to print and distribution, leaving the printed material out of date and incorrect. During the pandemic, we communicated much more frequently to residents by regular newsletters and our summer activities and Christmas newsletters are always popular with residents because they contain the most up to date content. We acknowledge that not all residents use social media and prefer printed information, so please let us know how you would like us to communicate local village events and news with you.

Would you like the Moulton Scene to continue in its current format?

Do you want more regular newsletters?

Should all content be moved online with no printed material being issued?

Should you wish to get in touch before the event, you can do so using the following contact details:

Moulton Parish Council – 01604 642202 – info@moultonparishcouncil.org.uk

Moulton Community Connectors – 01604 642202 – communityconnectors@moultonparishcouncil.org.uk

CONSULTATION OPEN DAY

Tuesday 15th March 2pm-8pm
(drop in any time throughout the day)
at Moulton Community Centre

MOULTON
PARISH COUNCIL

Moulton Parish Council are holding a Consultation Open Day at Moulton Community Centre on Tuesday 15th March from 2pm until 8pm in order to consult residents on a number of topics. We extend an invitation to all residents to come and chat to us on 15th March (any time between 2pm and 8pm). As well as being able to chat to Parish Councillors, our brilliant Community Connectors will also be on hand to tell you about all the events that they have planned.

Free refreshments will be supplied from our new café 'EAT at MCC'.
Please come along and try some!

The following topics listed are just some of the projects we are working through this year. If there are any other subjects that you would like to discuss with us or to be placed on the agenda, do make sure you come along and tell us. What do you think our priorities should be?

Moulton Football Club – Moulton Magpies

Moulton Football Club continues to grow and is now home to over 30 football teams, as well as providing space for 120 people to enjoy walking football. Including the girls and veteran teams, the age range is from age 4 through to 77, so there are activities available for everyone to enjoy.

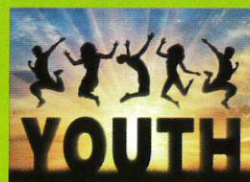

Moulton Parish Council has recently commissioned architects to investigate extending the current pavilion to provide extra community space at the football club. Come and look at the plans and give us your views.

As part of the Mulberry Homes housing development on Boughton Road, several new football pitches and a 150-space car park is being provided to accommodate the growth and ease the parking at the football club. Plans of this project will also be available to view on the consultation day and we look forward to discussing these with you and hearing your comments.

Youth Provision

Moulton Parish Council wish to improve and enhance youth facilities within the village. This could be in the form of encouraging young people to take part in a Youth Council, providing a youth club or installing new leisure equipment suitable for the secondary school age group. Please come and tell us what equipment you think could be installed and where

it should be placed. We would love to see some younger members of the community join us and maybe show an interest in forming a Youth Council so their views can really be heard.

We would also like to hear from any youth workers/volunteers who would be interested in working alongside us for delivering youth provision.

Please do come along and get involved.

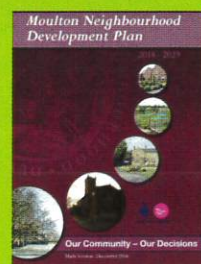

Climate Change Committee

Moulton Parish Council has recently declared a 'Climate Emergency'. A Climate Change Committee is being formed and we really need residents to come and join us on this important element of our business to discuss ways we can decrease Moulton's carbon footprint. We need to look at what measures we can undertake as individuals and as a community, so please do attend and let us have your thoughts about this important issue.

Neighbourhood Plan Review

It has now been five years since our Neighbourhood Development Plan became a supplementary statutory planning document and we now need to undertake a review. We will not be allocating any sites for development, but instead focussing on initiatives to combat climate change. Please come along and give us your views on how you think we can achieve this.

Planting Schemes

We are fortunate to own and maintain many open green spaces within the village and, as part of the Queen's Platinum Jubilee celebrations, we are taking part in the Queen's Green Canopy initiative to plant more trees. As well as tree planting, we want to improve balancing ponds and undertake a full review of all our green spaces in order to ensure we are making the best use of our areas.

Where would you like to see more trees being planted?

Would you like to see community orchards?

Would you like more hanging baskets and planters around the village?

Would you like to see produce grown instead of more flowers/shrubs being planted?

Community Connectors/Library

Rachael Warr & Shelley Oakey

Community Connectors for Moulton & Surrounding Areas

Come and meet our Community Connectors. In this issue of the Moulton Scene you will have read about some of the activities that our Community Connectors have put on over the last few months and the ambitious plans they have for this year. Please come and talk to them and find out about everything we have on offer here.

We work in partnership with our GP's at Moulton Surgery and deliver a comprehensive Health & Wellbeing Strategy and we are currently planning for the next five years – what would you like to see included?

Is there is a group or an event that you would like to see on offer that we haven't arranged yet?

Could you spare a few hours in a week or a month to join our Volunteer Scheme?

Do you know someone that would benefit from the services we have to offer?
